## KIDMAN PARK FEE SCHEDULE

At **Pro Health Care**, we believe quality of care is important. To address complex or multiple matters you may require a longer appointment. It is important to the doctors at **Pro Health Care** that you have the time to discuss your concerns and health needs. A gap fee facilitates this.

As private General Specialists we are a **mixed billing practice**, for all private billing patients payment in **full** is required on the day of service. Payments can be made by EFTPOS or Credit Card (VISA/MasterCard), and your Medicare rebate will be transferred to your nominated bank account immediately (if using a debit card) or within 48 hours if using a credit card.

Fees as of 1<sup>ST</sup> July 2024

CONSULTATION	PRIVATE FEE	MEDICARE REBATE
Standard	\$87.85	\$42.85
Long	\$137.90	\$82.90

**A \$5.50 'Practice Administration Levy' will be applied to all privately billed consultations.**

All consultations on Saturdays will incur a full fee to offset higher staffing costs.

### Due to restructure of fees:

- Children up to the age of 15 and concession card holders will be bulk billed (exceptions apply).
- Children 16 and over and no concession card holders, private fees apply.
- Please ensure that you bring your concession card at the time of your consultation, please note that bulk billing does not apply if you only have seniors' card without a concession card.

*If you are attending with your newborn baby, please apply early for your new Medicare card. Consultations attended without a valid Medicare card will incur the discounted consultation fee. We ask that this fee is paid on the day of consultation. You may then claim your rebate via Medicare once you have your valid Medicare card.*

**Procedures:** Any procedure such as skin excisions, Mirena insertion, Implanon insertion/removal will incur an additional out of pocket fee to cover consumables. Please speak to our doctors or receptionists to provide an accurate estimate of costs.

### Mental health Care Plans (MHCP)

MHCP will incur a time based gap in line with appointment fees listed above.

### Medicare Rebate

The patient rebate from Medicare was frozen from 2014 until 2018 and the most recent increase was below the consumer price index. The costs of running our private business continue to rise, and your patient Medicare Rebate now represents about half of the full cost of your GP care. We would encourage you to discuss any concerns you have about your Medicare Rebate with your Federal Member of Parliament.
