KIDMAN PARK FEE SCHEDULE

At **Pro Health Care**, we believe quality of care is important. To address complex or multiple matters you may require a longer appointment. It is important to the doctors at **Pro Health Care** that you have the time to discuss your concerns and health needs. A gap fee facilitates this.

As private General Specialists we are a **mixed billing practice**, for all private billing patients payment in **full** is required on the day of service. Payments can be made by EFTPOS or Credit Card (VISA/MasterCard), and your Medicare rebate will be transferred to your nominated bank account immediately (if using a debit card) or within 48 hours if using a credit card.

Medicare Rebate
The patient rebate from Medicare was frozen from 2014 until 2018 and the most recent increase was below the consumer price index. The costs of running our private business continue to rise,

ProHealthCare

and your patient Medicare Rebate now represents about half of the full cost of your GP care. We would encourage you to discuss any concerns you have about your Medicare Rebate with your Federal Member of Parliament.

Please note that **all appointments with our Psychiatrist are privately billed**. We do not offer bulk billing or concession rates for any psychiatry consultations.
For current consultation fees, please contact our reception team.
